

Stacking ring area. Ridge will be slightly noticeable depending on ink coverage. Should avoid text in this area. Some clients like to knock out this area (depends on design).

Mirror band area — I.D. Ring. Printing on mirror band can be difficult to read. Best to have a solid flood coat underneath.

Outer circle is max print area (117 mm). Art can go to edge, no bleed required.

Can print all the way to inner circle (23 mm).

CYAN MAGENTA YELLOW BLACK
